THE LEGISLATURE.

HAVE ANY DEMANDS BEEN MADE ON THE GOVERNMENT?

The Honolulu Library Association Objects to Being Assessed—That Victoria Opium.

THIRTY-FIFTH DAY, JULY 25TH.

THE SENATE.

The Senate was called to order at 10 o'clock this morning. Chaplain Peck offered prayer, roll was called and minutes read.

A communication was received from the House stating that the Joint Resolution concerning a great seal and seal for the departments and Acts 5 and 11 had passed the House.

Senator Brown read a petition from the officers and trustees of the Honolulu Library, stating that assessor John than Shaw had assessed the building and lot on the first of July last for \$8000 and the personal property of the Association for \$4000 and demanded payment of taxes thereon within thirty days. The petition sets forth that during the fifteen years of its existence the library had been exempt from taxation, that it is purely an educational institution and that its benefits are participated in by school teachers, school children and the Historical Society.

The petition was referred to the Finance Committee.

Senator Baldwin from the Committee on Commerce reported favorably on the Attorney-General's substitute for the Kerosene Oil bill. The substitute provides for a license of \$10 to use low-grade oil, to be granted upon filing a \$1000 bond, and allows no one to import it except those who are to use it. Report received to be considered with the bill.

Senator Rice from the printing Committee reported the Cable bill as engrossed and ready for further action.

Senator Baldwin from the special committee on the Currency bill reported in favor of the passage of the bill and the amendment adding the word "respectively." This word makes certain an ambiguity in the bill.

On motion the report was adopted by a unanimous vote, and the bill was ordered engrossed.

There being no regular order of the day the Kerosene oil bill was taken up, and on motion the substitute was considered in place of the original. The bill passed its second reading and was ordered engrossed.

Senate Bill 12 to promote cable construction came upon its third reading and was passed by a unanimous vote.

Senator McCandless requested the Minister of Foreign Affairs to furnish information as to whether any demands had been made on the Government which have arisen out of the late troubles, if in the opinion of the minister it is politic to make the same public at this time.

Senator Baldwin was granted leave of absence until Monday.

The Senate then adjourned till Friday.

THE REPRESENTATIVES.

House met at 10 a.m.

Minister Damon, in reply to the questions of Mr. Cluney regarding the sale of confiscated opium sent to Victoria, B. C., presented an extract from a letter received from F. B. McStocker, Deputy Collector General, as follows:

"HONOLULU, July 23, 1895.

"HON. S. M. DAMON,

"Minister of Finance,

"Republic of Hawaii.

"Sir,—I beg herewith to submit the following statement re sale of opium.

"During the year 1894, several attempts were made by Mr. Jas. B. Castle to sell the accumulations of opium stored in the opium vault at the Custom House, several offers had been made but none with sufficient guarantees as to exportation, such as landing certificates in port of destination, through bills of lading, etc. It being deemed wise that personal attention should be given the matter the undersigned was appointed as an agent of the Board of Health and directed to proceed to San Francisco, thence to Victoria, and secure the best results obtainable subject to certain stipulations, reshipping, etc. Proceeding to San Francisco I authorized Mr. Chas. T. Wilder, Hawaiian Consul General, to receive bids on the opium; such bids to be submitted to me on my return from Victoria, to which port I at once proceeded. Arrived at Victoria and having placed myself in communication with R. P. Rithet, Hawaiian Consul at that port, and the Customs authorities, I proceeded to dispose of the opium; from the start I found that the California opium, which constituted the bulk of that in our hands, being subject to heavy duty (U. S. \$6, B. C. \$5 per lb.) and being of very inferior quality was practically unsalable. Finally arrangements were made through R. P. Rithet & Co. for the sale of the entire lot. The sale being made subject to approval by Jas. B. Castle and on ninety days option being given to that effect. I would here state that the buyer was the only one either in San Francisco or Victoria who bid on total. The others declining in toto to consider the California opium. The sale was as follows:

185 lbs net Hongkong opium, at \$3....\$ 540

428 " " Victoria opium, at \$2.....\$ 856

105 " " California opium, at \$1.....\$ 1052

\$2448

f. o. b. in Honolulu, through bill of lading and landing certificate, demanding money to be deposited with R. P. Rithet & Co. prior to shipment.

"Returning to San Francisco I met several parties but could receive no bid to include the California. Returning to Honolulu, the offer as above designated, submitted to and was accepted by Mr. Jas. B. Castle, Collector-General. And shipment made by S. S. Miowera, Feb. 7, 1895. Owing to fermentation, handling, etc., considerable leakage occurred for which claim was made through R. P. Rithet & Co. and accepted by Mr. James B. Castle, Collector-General. Net, subject to informers' claim was \$2246.40."

Mr. Cluney stated that he had asked the question because Arch. Gilfillan had been complaining about town that he had not received his due share of the rewards for seizures.

Minister Damon replied that he was glad to have members ask questions about his departments. It was the only way the public could get information about trivial matters.

A message from the Senate announced its adoption of House amendments to the Supplementary Appropriation bill.

Mr. Richards reported from the printing committee with copies of the Land bill as amended by the Senate, but as yet only the English version. After discussion of various motions for dealing with the bill, it was decided to take it up for consideration in the afternoon, when the Hawaiian version would be ready.

Mr. Kamaooha moved that the finance committee investigate and report at next session, on the advisability of continuing the subsidy to the Oahu Railway & Land Co. and other subsidies. Lost.

At 11:45 the House took recess till 1:30 p.m.

LATEST FOREIGN NEWS.

THE CORNELL CREW BEATEN BY EIGHT LENGTHS.

One Hundred People Injured by the Falling of a Building—Latest News by the Allen.

The final heat between the Cornell University and Trinity Hall, Cambridge, crews was rowed at Henley-on-Thames on July 10th. Fennell of Cornell was seized with cramps in the region of the heart soon after the race began and gave out. The Englishmen won by eight lengths, although was two lengths ahead on the first quarter.

The Casino building at Atlantic City, New Jersey, collapsed during a social session to visiting members of the Order of Elks. Over one hundred people were injured and one killed.

The Republican Convention of Iowa stopped their proceedings to boom Senator Allison for the presidential nomination.

The steamer Kate with the Greenland Scientific Expedition on board has sailed to the relief of Lieutenant Peary and party.

A whole family of counterfeiters has been arrested at Los Angeles.

The champion pacer, Robert J., with a record of 2:01 1/2, made the last quarter of a mile in half a minute at La Crosse, Wis.

Ex-president Luis Bogan of Honduras is dead.

Case and Poole, the Oregon train robbers, have been held to answer to the United States Circuit Court at Roseburg, Oregon, on the charge of robbing the United States mails.

TWICE STRUCK.

Former Sailing of the New Wharf—Lucky Escape of the Bark Albert.

The wharf damaged slightly by the steamer Mariposa this morning, as reported in our shipping column, is the same one that the steamer Zealandia cut 20 feet of the corner off four years ago, just after the wharf had been built under Minister Thurston. It was between two and three o'clock in the morning, the Zealandia was arriving from the Colonies and, coming rather close in, a sudden gust of wind made her foul the wharf. If recollection serves rightly, the barkentine Kikikat was lying where the O.M. Kellogg was today, and part of her rigging being carried away her gaff came down with a crash. The same barkentine was lying on the other side of the wharf at the time of the accident this morning. The bark Albert had been shifted to give the Kellogg her berth before the collision. If the bark had been in the same place she would probably have been crushed by the steamer's impact, as her stern would have projected far enough to receive the blow.

A bottle of methylated spirits which has decorated President Wilder's desk in the Senate since the alcohol bill has been under discussion was presented to Senator Baldwin this morning. The latter senator stated on applying for leave of absence that he had premonitory symptoms of sickness, which he thought would mature tomorrow or next day.
